

HERITAGE CLUB

We are grateful to those who remember American Bone Health through a bequest, life income plan, or other type of planned gift. Your support strengthens and ensures the future of our premiere osteoporosis resource center for individuals, clinicians, and community organizations.

When you notify American Bone Health about your gift, whether intended or received, we will enroll you in the Heritage Club. As a member, you will be honored throughout the years in American Bone Health publications including the *FOREFront* newsletter. You will receive invitations to a special annual event for Heritage Club members. At your request we will provide a private briefing. In addition, we will send you periodic behind-the-scenes reports about our progress in helping eliminate the preventable disease of osteoporosis.

You will also be honored at other American Bone Health functions. When you step forward, others are encouraged to do the same, though you may choose to remain anonymous.

Should you name American Bone Health in a planned gift, we would welcome a copy of the legal document or section of document that accompanies your gift. This can make estate administration easier when your gift is received.

Thank you for considering American Bone Health through a planned gift. Should you have any questions please contact Kathleen Cody (510) 832-2663 x15 or kathleen@fore.org.
